POCKETED SPRING

Pocket spring system is developed in such a way that, if a weight is placed on a single spring, the other springs adjacent to it are hardly affected which means zero partner disturbance.

KNITTED FABRIC

The top most layers of the mattresses are covered with an imported knitted cloth which is soft comfortable and allows the mattress to breathe and also keeps the dust mites away.

BONDED FOAM

This is a high density rebonded virgin breathable foam, which is free from dust mite, fungus and harmful bacteria.

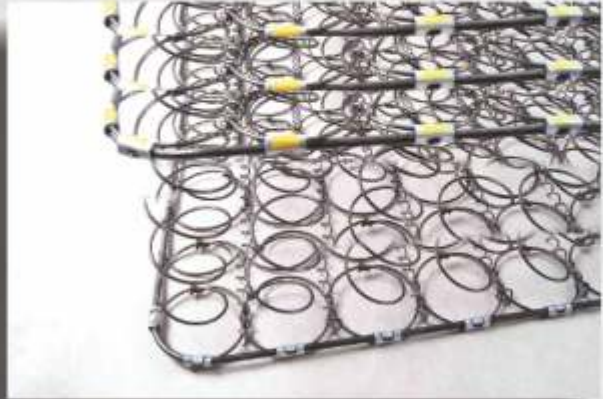

SUPER SOFT PU FOAM

Polyurethane foam is a bio degradable substance which is chemically inert and commonly used in the manufacturing of mattress which adds an additional comfort to the person

BONNEL SPRING

These are passed twice through a constant temperature and electronically controlled heat is no breakup under pressure being not too firm, not too soft the spring unit is developed as a result of scientific research to provide great comfort.

MEMORY FOAM

Memory foam helps the body freely float on the mattress and improving blood circulation through pressure management and also adjust the body temperature

TURKISH FELT

Turkish thermos bonded felt goes into every mattress, ensures the best comfort and long lasting life of mattress.

LATEX FOAM

Keeps you warm during winter and cool during summer. Latex foam is claimed as the most durable foams providing ultimate comfort and let you enjoy the extreme luxury of good sleep

Your Life Matters

For your best night's sleep

Did you know that the average person spends approximately one third of their lives in bed, yet when it comes to where we sleep, we often do not consider how our mattress can affect our lives. There's no other piece of commodity in our house or in our life which is used as often or affects our overall health more than our mattress.

Orchid mattress strives to be the best sleep experts. our wide range of mattress collection offer the ability for anyone to create a sleep sanctuary.

All our mattresses are made with a unique set of features to help address the following common sleep problems;

HELPS REDUCE TOSSING & TURNING

Every Orchid mattress features advanced foam, springs and coir to provide instant comfort, helping blood circulation, to reduce tossing and turning that can disrupt peaceful sleep.

ENCOURAGES PROPER BACK SUPPORT & ALIGNMENT

Our advanced ORTHOPEDIC support systems work to promote proper support and alignment across your entire body, so you can wake up without aches and pains.

PROMOTES A BALANCED SLEEP TEMPERATURE

Each Orchid mattress design works to promote airflow to help regulate sleep surface temperature, allowing you to sleep more comfortably with less temperature swings.

MINIMIZE IMPACT FROM PARTNER MOVEMENT

Our state-of-the-art POSTUREPEDIC and ORTHOPEDIC support systems are designed to help reduce motion transfer from one sleep partner to another, so you can stay asleep even when your partner moves.

RESISTS SAGGING & EDGE ROLL-OFF

Every Orchid mattress is built with our EDGE GUARD and BEAM SUPPORT Construction and is thoroughly tested beyond industry standards to resist sagging and edge roll-off. This enhanced durability can help extend the comfort life of your mattress. It also allow you to use 100% of your mattress surface.
